

RoHS and Product Declaration Certificate

RoHS Compliance

- Lead-free products supplied by Berkshire Products, Inc. will comply with EU RoHS Directive 2002/95/EC.
- Our supplier has confirmed the compliance status of the relevant products to us.

Confirmation of compliance status by our suppliers is either because the products do not contain any of the restricted substances referred to in Article 4(1) of the RoHS Directive at concentrations in excess of those permitted under the RoHS Directive or because removal of the restricted substances is not technically possible and their existence in the products at levels in excess of these concentrations is allowed as one of the particular applications listed in the Annex to the RoHS Directive.

For these purposes, the maximum concentration values of the restricted substances by weight in homogenous materials are:

Lead	0.1%	Polybrominated Biphenyls	0.1%
Mercury	0.1%	Polybrominated Diphenyl Ethers	0.1%
Hexavalent Chromium	0.1%	Cadmium	0.01%

Berkshire Products, Inc. has taken all reasonable steps to confirm suppliers' statements regarding the absence of the restricted substances.
